

Year 2 Maths Toolkit Activities

Activity 5 - Measuring lengths

Activity Approach

- Whole class

Resources

- Straws
- Paper strips (2cm squares)

Instructions

- Every group will be given 6 straws and paper strips.
- The pupils will measure the straws accordingly.
- The children will put the straws in order from shortest to longest or vice-versa.

Year 2 Maths Toolkit Activities

Activity 6 - Measuring names

Activity Approach

- Whole class

Resources

- A strip of grid paper per child
- Blue tack

Instructions

- Each child receives a piece of grid paper and writes his or her name, one letter per square.
- They colour their name.
- The children stick his or her name on the whiteboard.
- Names are compared for letter length.
