

The drive back home from the beach took Mario and his family **one hour** because there was a traffic accident.

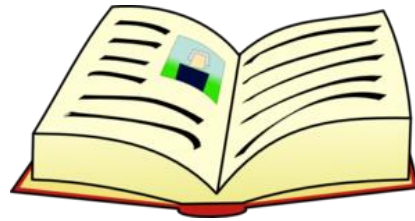

180 minutes before midnight Mario was in bed fast asleep. Show the time on the clock face below.

What was Mario doing at **ten past noon**?

Mario spent a **whole hour** reading. At what time did he read?

- a) From 8:00am to 9:00am?
- b) From 2:00pm to 3:00pm?
- c) From 7:00pm to 8:00pm?

Put these activities in the same order as they happened during Mario's day:

- Cut his hair
- Went to the beach
- Played basketball
- Played a board game

By how many **minutes** was the trip **from** the beach longer than the trip **to** the beach?
