

Number Patterns

Group Members:

1. _____
2. _____
3. _____

Instructions:

1. Spread the dominoes face down on the table.
2. Pick up a domino each.
3. Add up the spots on your domino.
4. The child with the largest number of spots finds the matching number card first.
5. The child with the next largest number of spots finds the matching number card next.
6. The child with the smallest number of spots finds the matching number card last.
7. Look at the three cards and work out the total.
8. Record the numbers from largest to smallest and the total in the table below.

Round	largest number of spots	next largest number of spots	smallest number of spots	total
