

## ***Year 2 Maths – Place-value - Toolkit Activities***

### ***Activity 5 – Writing numbers in tens and units***

#### **Activity Approach**

- In pairs or grouped

#### **Resources**

- Activity Sheet 2.5
- Activity Sheet 2.6
- Place-value Cards 1 – 9 & 10 - 50
- Number Cards 11 - 50

#### **Instructions**

- The students will be paired or grouped and given a set of Place-value Cards and a set of Number Cards.
- A student from each pair or group will pick a number from the Number Cards.
- The other student chooses the Place-value cards to match with the selected number.
- The other students will take it in turns to pick a number from the Number Cards.
- The students will repeat the above steps for a number of times.
- As reinforcement the students will complete Activity Sheets 2.5 & 2.6.
