

Year 2 Maths -Time - Toolkit Activities

Activity 5 – What is the time?

Activity Approach

- Individual

Resources

- Activity Sheet 2.1
- Activity Sheet 2.2

Instructions

- Give out Activity Sheet 2.1 to the pupils showing pictures of daily routines of the day.
- The students have to read the time written under each picture, showing an activity, and then draw the hands on each clock face. Next to the picture, the pupils have to write at what time this activity normally happens.
- Repeat the above steps to work out the Activity Sheet 2.2. This time the students have to read the clock and then write the time in the space provided next to each picture.
