

I spy with my little eyes

Resource –

Pack of Cards arranged as below

2. The first player challenges the other one to find two cards next to each other that add to make a particular number. The first player says, "I spy with my little eye two cards that add to make _____."
3. The second player then looks for 2 cards that add to make the number. The two cards to be added need to be next to each other either horizontally or vertically. The player then picks the cards up to add them to their pile. They do this with any other pairs that add to make the number as well.
4. If the second player misses any pairs that add to the number, then player one may claim them.
5. The players alternate taking turns and continue until all the cards are gone.
6. The winner is the player with the most cards at the end of the game.
7. As large gaps appear in the array, move the cards closer together to fill those gaps.

Now look carefully at your cards. Find a way how to sort your cards.
