

# Maths with Super M

Hello children

I am SuperM, a very special dinosaur.

I am special because I can speak.

I LOVE MATHS!

Let's work out these tasks together!

## Task 1

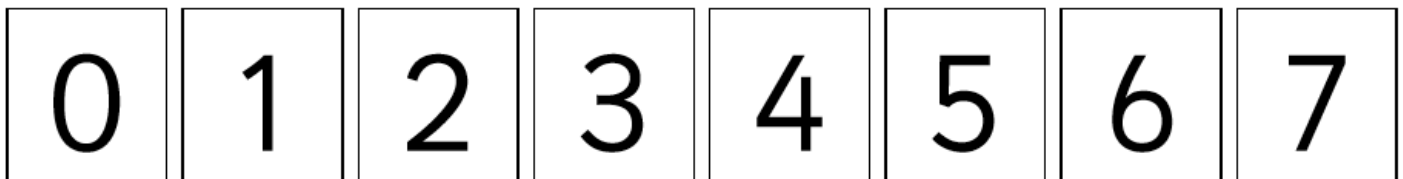

Now

Add two numbers to make 7.

Example:  $1 + 6 = 7$

Can you find other ways to make 7 ?

Remember that you can use things which you find at home to help you add, such as lollipop sticks, blocks and buttons.

Now it is your turn to try!

**CHALLENGE:** How about adding 3 numbers to make 7?

## Task 2

Put numbers up to 10 in the boxes to complete the number sentences.

For example: 3 is more than 2 but less than 4.

Remember that you can use things which you find at home to help you compare numbers, such as lollipop sticks, blocks and buttons.

A number line can also help you out!

a.  is more than 6 but less than .

b.  is less than 5 but more than .

c.  is more than 8 but less than .

d.  $5 + 2$  is more than  but less than .

e.  $2 + 2$  is less than  but more than .
