

# Let's find our way to the castle...

Beauty's father is in danger! Help her to find the Beast's castle. Count in twos...up to 20... 😊.

The use of concrete objects (such as bottle caps, pompoms, popsicle sticks etc) may be used throughout.

You may use the number line to work it.

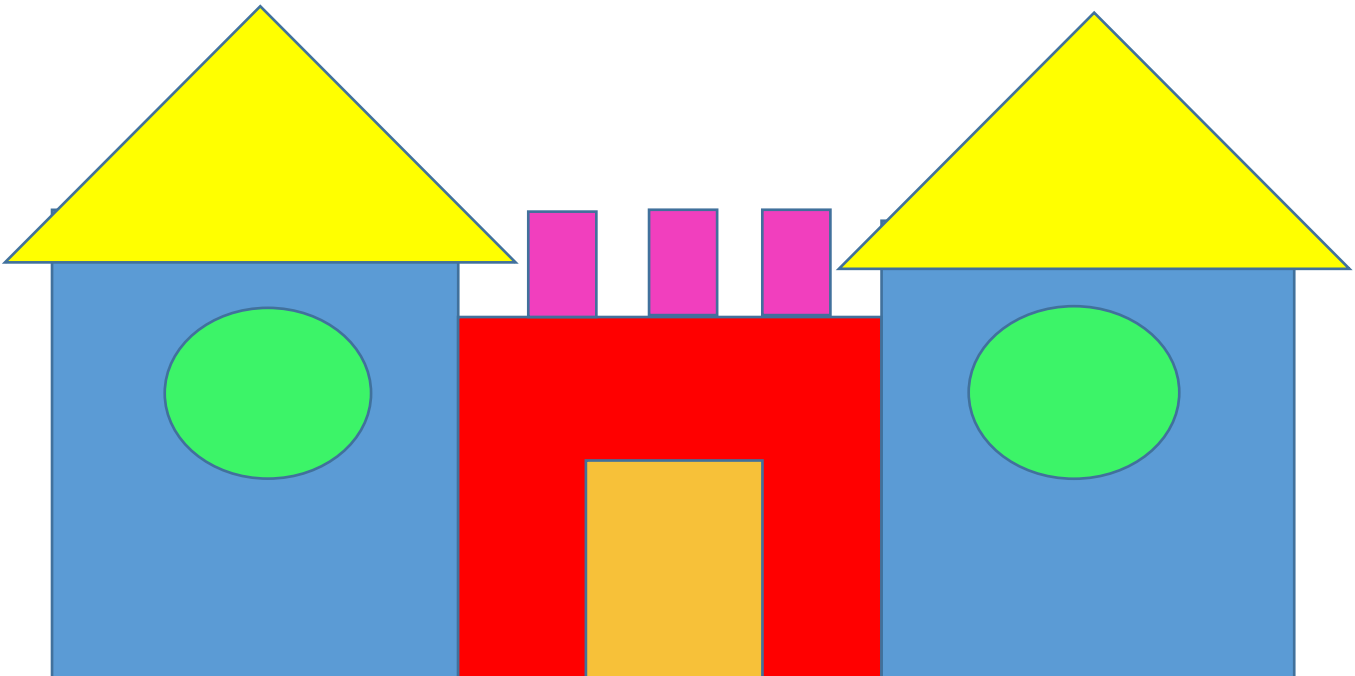

Circle the taller

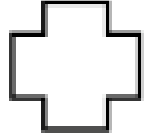

Circle the shorter

## The Beast's castle...

How many shapes are there in your castle?

Total number of shapes =

## Activity Time!

Use some rough paper to cut out some shapes.

Create the Beast's castle in your own way.

Below are some shapes which you may wish to use, trace or cut.

Be creative as much as you can.

Take a photo and send it to [melanie.casha.sammut@ilearn.edu.mt](mailto:melanie.casha.sammut@ilearn.edu.mt)
