

# Money Money Money

Julian had to run some errands.

He had to go to the Chemist to get some Vitamins for his mother.

He needed some bread and milk.

And finally he needed to get a light bulb for his bedroom from the ironmonger.

All the shops he went to had this sign at the door.

**Pay with exact  
change or card.**

No change being given

Thank you and Stay Safe

Julian had these in his wallet and no card:

---

Help Julian pay with exact change as much as possible in all three shops.

Shop	Bill	Coins used
Chemist	€4.99	
Grocer	€1.69	
Ironmonger	€5.55	

Does he have any coins left in his wallet? Yes/No

How do you know?

Did he manage to use exact change in all shops?

Explain.
