

Along and Across - Answers

Use the first grid shown to help you.

23	77
66	34

100

100

12	88
58	42

100

100

46	54
65	35

100

100

62	38
42	58

100

100

89 111 200

70 130 200

111 89 200

104 96 200

You can notice that if you add the four numbers either horizontally or vertically the total will always be 200.

Make up two grids of your own.

Answers will vary.
