

LETTER CIRCULAR

Date: 30th March 2022 **Ref:** DLAP 112/2022
To: All Heads of College Network and Heads of Primary Schools (State and Non-State)
From: Melanie Casha Sammut – Education Officer, Primary (Mathematics)
Subject: Primary Mathematics Webinars

Heads of Schools are kindly informed that the Science Centre (Pembroke) has just published the Primary Mathematics Webinars Schedule for Term 2 of this scholastic year. These Primary Mathematics Webinars are designed and animated by the Mathematics Support Team members and are intended to offer a professional development opportunity with emphasis on the teaching, learning and assessment of Mathematics.

Primary Senior Leadership Team members, Primary Teachers and Learning Support Educators are invited to participate in these webinars. Participation is on a voluntary basis and links to join the webinars are included in the schedule attached to this circular. Consequently, there is no need for registration. All interested educators can join any of the webinars by simply accessing the link provided for each webinar on the webinar day and time. Further details and the schedule are also available on <https://primarymaths.skola.edu.mt/m-lounge/>.

Furthermore, the Mathematics Support Team offers a range of recorded Primary Mathematics Webinars on the *M Lounge* platform. *M Lounge* provides an opportunity for all educators interested to engage in learning more about Mathematics itself and about Primary Mathematics education. Educators can access *M Lounge* platform through this link <https://primarymaths.skola.edu.mt/m-lounge/>. Newly recorded webinars are added regularly.

Educators' feedback is greatly appreciated to ensure that *M Lounge* remains relevant.

Any queries can be forwarded to Ms Joanne Vella (Head of Department, Primary Mathematics) via email giovanna.antida.vella@ilearn.edu.mt.

Thank you for your cooperation.

Sandra Ebejer
Director,
Directorate for Learning and Assessment Programmes
